Grown and Carefully Selected by

HULSEBOSCH BROS.
ENGLEWOOD, NEW JERSEY
ADDRESS FOR THE UNITED STATES AND CANADA

General Directions to Correspondents

The attention of our Customers is respectfully called to the following Directions, which will, if followed, be an aid to purchasers as well as to ourselves.

POSTAGE PAID.—We deliver, postage paid, to any post office in the United States and Canada, Bulbs and Plants, at piece and dozen rates, except where otherwise noted.

EXPRESS.—It will be much cheaper to purchasers if Bulbs and Plants of bulky nature are ordered to be sent by express or rail at their expense. Plants and Bulbs, when securely packed in boxes, are now carried by the leading express companies at a reduction of 20 per cent. from the regular rate of merchandise.

PACKING.—No charge is made for boxes or packing.

DISCOUNTS.—We allow 10 per cent. discount when cash accompanies the order.

GUARANTEE.—We guarantee safe arrival of goods sent by mail or express.

Single Hyacinth

MIXED HYACINTHS

Of the finest shades and varieties for beds and borders, pot or box culture. When ordering mixed Hyacinths please state whether they are for bedding out or indoor culture. Single Hyacinths are at all times preferable to double ones, as the former throw larger and fuller spikes. Single Bulbs mailed free. If larger quantities are desired by mail, add at the rate of 15 cts. per doz. to pay postage.

Roman Hyacinths

ROMAN, ITALIAN AND FRENCH HYACINTHS

Single Bulbs mailed free. If larger quantities are desired by mail, add at the rate of 10c. per doz. for postage.

Roman Hyacinths should be grown extensively in all places where early flowers are required. With very moderate forcing they can be easily had in bloom as early as November, and as every bulb produces three or four spikes of pure white flowers, its value for cutting for bouquets, glasses, etc., is very great.

NOTE—Of these Bulbs, we only offer extra selected ones.

	Each	Per doz.	Per 100	Per 1000
Single white Roman, top roots, 13 ctm. and above	$0 07	$0 54	$3 80	$35 00

RANUNCULUS

Among dwarf flowers the Ranunculus is unrivaled for its lovely form and its brilliant and attractive white, crimson, yellow, purple and black colors, and for compactness and symmetry they are unequaled by any other flower. The individual flowers are about two inches in diameter, beautifully imbricated, and as full and double as the finest camellia or rose. Their effect is truly magnificent in the spring flower garden, besides being useful for cut flowers. They must be planted in a moist, fertile soil, about two inches deep and three to four inches apart.

Bermuda Easter Lily

LILIUMS

Lilies are the most desirable hardy bulbous rooted plants in cultivation. In pots or anywhere in the open ground they are superb and produce a most charming effect.

They should be planted from October to May, in good, rich, loamy soil, about four inches deep. After planting they require but little care, and should not be taken up for several years, as they bloom more freely than if taken up annually.

Those marked * are to be had in August; the others after October 15.

Single Bulbs free by mail. If larger quantities are desired by mail, add at the rate of 25 cts. per doz. for postage.

EXPRESS PREPAID

ON account of repeated complaints of many of our customers who reside at great distances from New York City about the exorbitant express charges, we have concluded to prepay for purchasers' account, by express, all parcels and boxes which would cost more than eight cents per pound if shipped in the regular way. Express companies will now receive from us Bulbs, Seeds and Plants, at the rate of eight cents per pound, no matter where to be delivered, even for Canada, but we must prepay charges.

We trust that our customers, for whose benefit we make this departure, which involves us in a great deal of extra care and bookkeeping, will refund us this outlay either before or directly after receipt of goods.

Yours Respectfully,

HULSEBOSCH BROS.
